January 2021

Welcome to new families joining the Primary School and old families returning for another year. In particular, I direct new families to the key information for new parents on page .

As a staff, we are committed to providing a well-rounded education so that your child experiences growth in the cognitive, physical, social, cultural and spiritual domains of learning. We have been busy organising classrooms and cooperatively planning to ensure your child will receive an education that is suited to his/her individual needs within the school community.

I hope you will take the time to read this handbook as the research has found parental interest is the most potent influence on children's learning success. Students at any year level do better in school, feel better about themselves as learners, set higher goals and dream bigger dreams, when parents are knowledgeable about, supportive and encouraging of, and involved in their child's education.

Student Results and Leave

If students are absent during term time and miss work leading up to an assessment, or if they are absent for an assessment, this may result in an NR (not reported) appearing on continuous reporting in Years 5 and Year 6. Depending on the number of lessons and assessment missed, results appearing on the end of semester report cards may also be graded NR (not reported) if there is insufficient evidence to make a judgement. We would like to emphasise that 'NR' is not a 'fail' and will not impact on the final semester result. It simply denotes the student was not able to be evaluated on the assessment piece, on the given day. However, teachers will have formative evidence in various forms, throughout the semester, to inform the final grade awarded.

Problem Solving in Mathematics
Problem solving is the central focus of Mathematics. Solving word problems provides a basis for students to apply mathematical concepts in different situations and supports the development of problem-solving skills. In P – 6, the bar model method is one of the many strategies that students can use to solve problems. It is a structured way that students are taught to draw their solution to a problem. This pictorial model represents mathematical quantities (known and unknown) and their relationships (part-whole and comparison) given to the problem. An outline of the problem-solving process we use from Prep to Year 6 is outlined below. Strategy (e) provides an example of the bar model.

HOME LEARNING EXPECTATIONS

The purpose of home learning in the primary school is based on researched evidence which shows that it is most effective when it takes the form of short, frequent learning experiences.

Homework comprises two approaches that evidence indicates are effective for learning:

- Multiple exposures / Spaced Practice
- Previewing [Home Preview]

Year 5 – 6 Continuous Reporting

Continuous reporting provides opportunities for parents to view with their daughter feedback on each piece of summative assessment. Teachers will upload results and comments for each assessment piece once it has been marked. At the end of the semester, a results summary will be produced as the Term 2 or Term 4 End of Semester Report. This will provide an overall achievement grade for each subject, along with a form teacher general comment. The overall grade for each subject strand is assigned based on the assessment tasks undertaken. The tasks are NOT all equally weighted, and the overall result for each subject is based on the grades achieved and the weighting assigned to specific tasks and strands in respective subjects. The rationale for this approach lies in the educational research which indicates that feedback is highly significant in student achievement (Hattie, 2009). The ongoing feedback aims to assist parents and students to set targeted goals for improvement regularly each term.

Parents receive notification during Term 1 detailing the processes involved in accessing the feedback. In summary, parents will be required to follow the steps below.

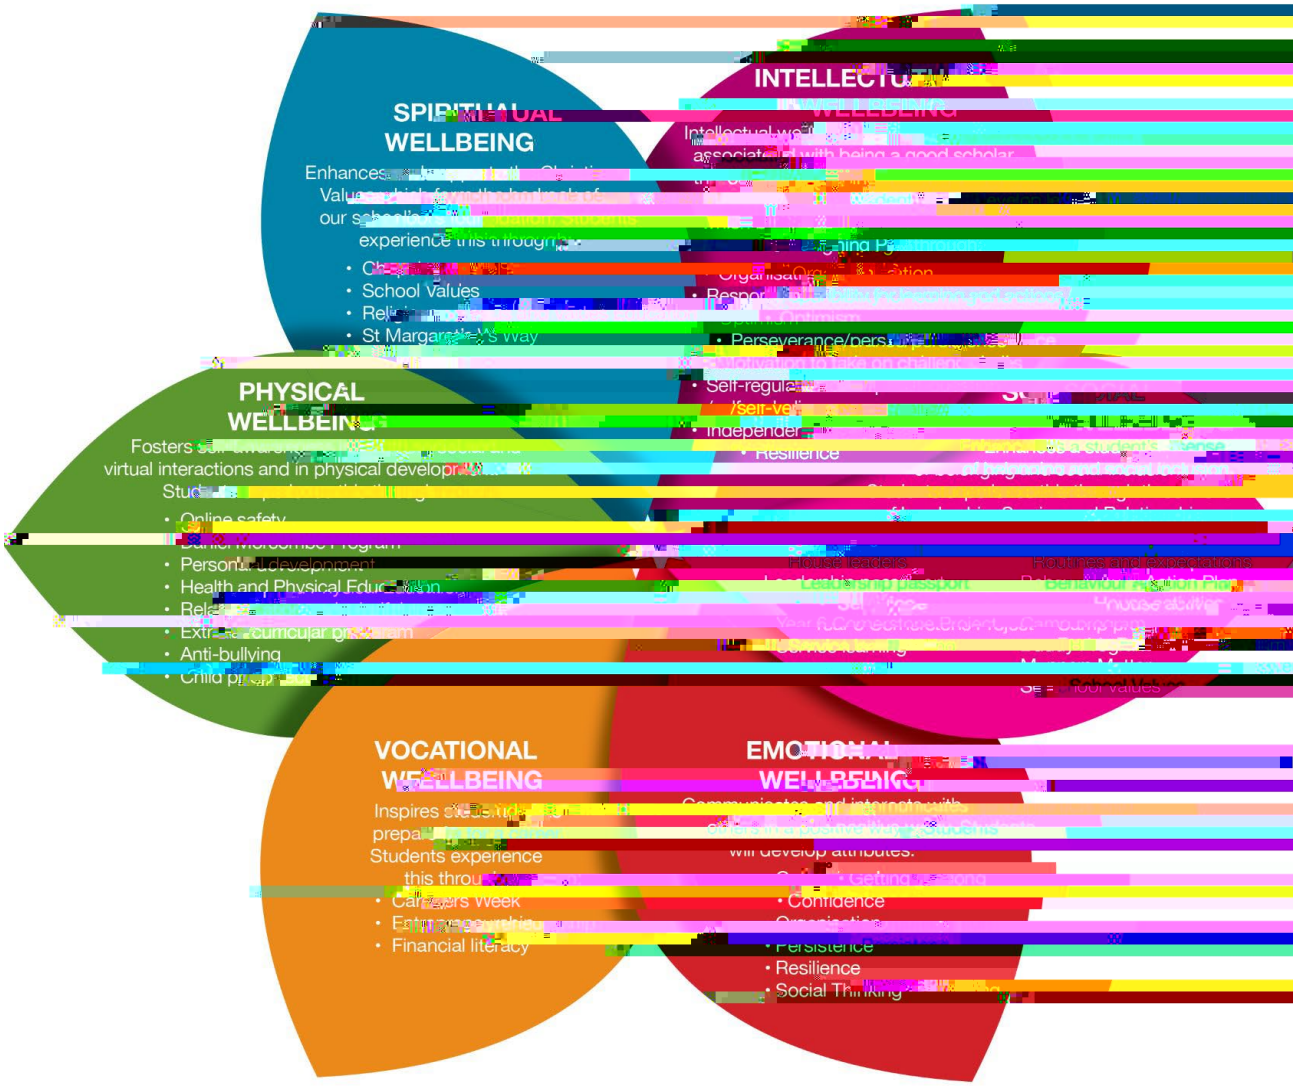
STUDENT WELLBEING

At St Margaret's Primary School, we believe the emotional health and wellbeing of students, staff and families are important priorities. Through a holistic approach, we aim to develop the social and emotional competencies of individuals in addition to enhancing the various relationships of students. This is developed through six areas of wellbeing.

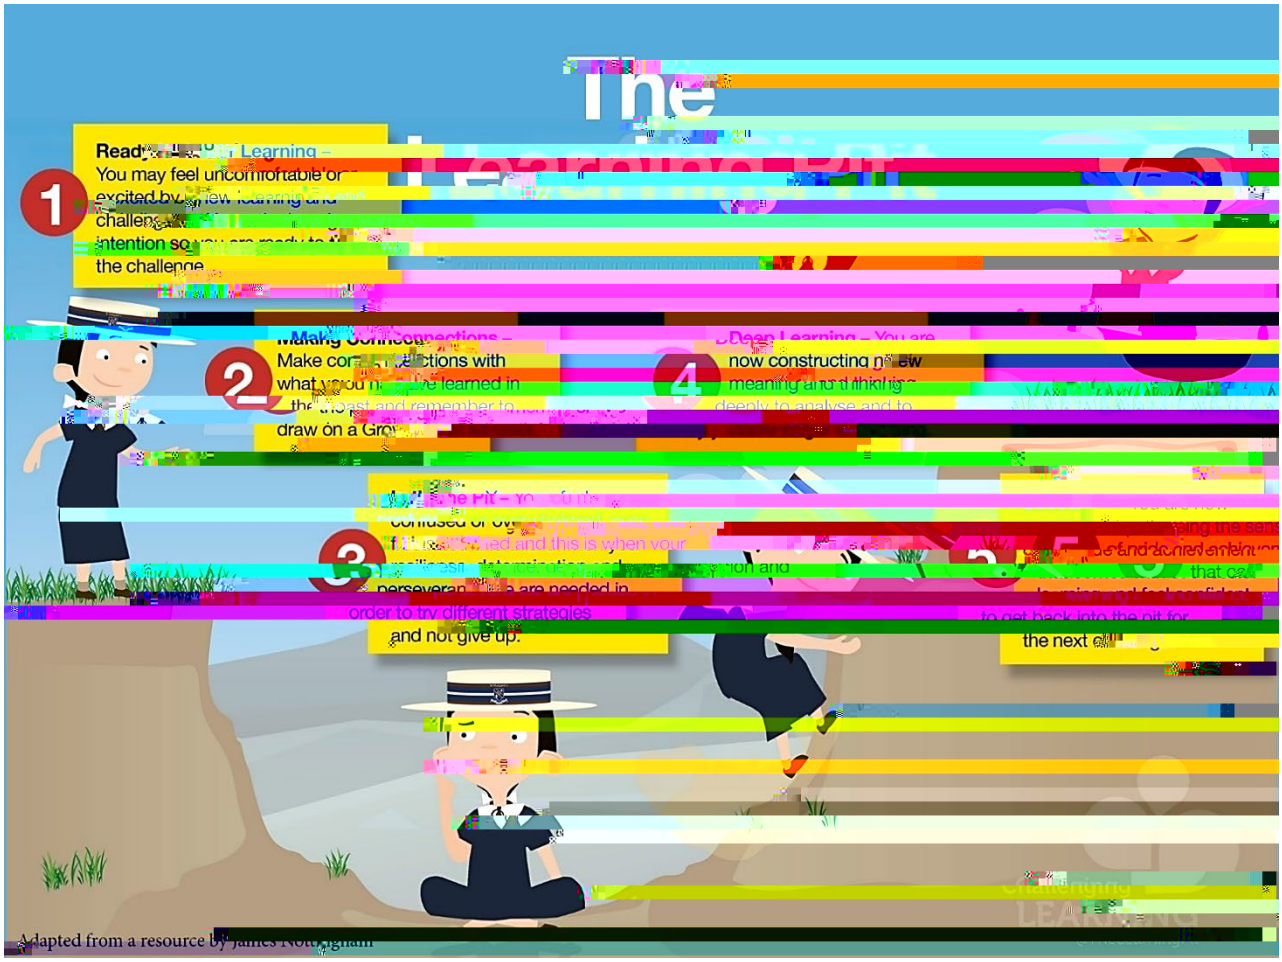
Primary School Student Wellbeing Overview



INTELLECTUAL WELLBEING

The Learning Pit helps students to see learning as a process. It is a way to build a student's capacity for learning through the development of dispositions;

- Optimism (Growth Mindset)
- Perseverance/Persistence
- Responsibility (for learning) and actions.
- Motivation to take on challenges
- Independence
- Self-regulation/self-question/self-verbalise
- Resilience



VOCATIONAL WELLBEING

- Career Week
- Entrepreneurship
- Financial Literacy

Disrespectful Behaviours

- Calling out
- Talking / off task behaviour
  - Banned belongings at school
  - Playing in toilets/on stairs
  - Littering
  - Playing/eating out of bounds
  - Misuse of play equipment
- Visiting tuck shop without permission
  - Repeated disrespectful behavior x 3
  - Not following teacher direction
- Misuse of toilets/stairs
  - Repeated unsafe behaviour

Unsafe Behaviours

- **Physical bullying:** including hitting, kicking, tripping, pinching, and pushing or damaging the property of another person.

- **Verbal bullying:** including name-calling, insulting, teasing, intimidating, making homophobic or racist remarks, or verbally abusing another person.

- **Psychological or social bullying:** designed to harm another person's social reputation and/or cause this person humiliation, including lying and spreading rumours, hurtful mimicking behaviour, playing nasty jokes designed to cause embarrassment and humiliation, damaging someone's social

If the investigation shows that the matter involves civil liability the school will:

1. Advise the victim and their parents to retain their own lawyers for independent advice if they wish to pursue the bully;
2. If appropriate, instruct the school's lawyers for specific advices and the School's rights to pursue the matter; and
3. Advise the school's insurance broker of the possible legal action;

Upon resolution of the complaint the School will:

1. Counsel all students in the school's bullying policy, respecting the confidentiality of the victim and their complaint; and
2. Reassess the school's Supportive School Environment Policy and the Laptop Handbook.

PRIMARY LIBRARY AND THE EUNICE SCIENCE AND RESOURCE CENTRE

The Primary Library is located on Level One of the Dalhousie Building in the Primary School.

Parents are able to but not encouraged to provide information that parents believe would be valuable for teachers when creating classes. As part of this process, parents are required to complete a form by the specified date as advertised in eNews. No late forms can be accepted beyond this date as teachers construct class lists near to this date and changes after this date will impact on class arrangements.

Whilst all applications will be considered, it is important to note that the submission does not provide a guarantee that application requests will be granted. These applications, along with the professional judgement of the primary staff and sociograms from the students, will be used to inform decisions about class placement.

HEALTH AND PHYSICAL EDUCATION (HPE)

The following information is provided to help you and your child gain the most from the Health and Physical Education Program in the Primary School.

Throughout the four terms, your child will cover a wide range of activities, including aquatics, lifesaving, athletics, health, dance, team sports, skill development and perceptual motor programs.

If your child suffers from any condition or ailment that could hinder his/her participation in Physical Education, please notify the school in writing. If your child is unable to participate in a Physical Education lesson through injury or illness, please send a letter with your child confirming this.

Our school HPE uniform is navy shorts and the school navy polo shirt. The school HPE uniform should be worn to all Physical Education lessons. The middy can be worn to the swimming lesson. Girls are encouraged to have their sandshoes at school every day. Brown school socks are worn with sandshoes.

All children in Pre-Prep to Year 5 must have a navy school cap. Year 6 girls may wear a school cap for HPE lessons. Girls in Years 4-6 5 Tw t[(G)/P /MC nPa0.-94.27pc -33 , a7-

Primary Choirs

Andrews Cup is the primary interschool sports competition (all year round).

Andrews Cup sports available for:

- Girls in Years 2 to 6 can participate in athletics, swimming, cross country and gymnastics
- Years 4 to 6 can participate in netball, tennis, touch football, soccer, cricket and basketball

Some important points to note:

- All girls are eligible to try out for these sports (voluntary)
- Selection processes are in place for all Andrews Cup sports
- Once **selected** in a team or squad, girls **must** commit to attending training sessions

St Margaret's Primary Sport POD Page

Primary sport information is accessible via the POD primary sport group pages. Additional and specific information for Andrews Cup and other sports played outside these associations, is available by joining each specific sport group page. The POD is accessible through the School App and notifications can be received via smart phone through changes to your settings under your parent profile. Information on how to do this can be found on the Parent POD Support page.

Selection Criteria for Andrews Cup

1. Full attendance is required for training before and after trials, unless unavoidable circumstances. Any absences must be notified to the Primary Activities Coordinator as soon as possible.
